

Title: Credit Analyst
Department: Taxable Fixed Income

Summary:

The Credit Analyst will work closely with the Director of Research and credit team to deliver high quality, value-added credit research across multiple sectors of the investment grade and high yield markets.

Responsibilities:

- Conduct comprehensive fundamental analysis of investment grade and high yield corporate credits across multiple industries.
- Identify corporate credit investment opportunities and clearly communicate investment recommendations to senior members of credit team based on thorough company and industry analysis.
- Deliver written credit assessments including in-depth analysis of issuer fundamentals and financial statements.
- Assess relative valuation of issuers within assigned sectors.
- Proactively monitor sector, industry, and issuer developments in order to update investment views.

Qualifications:

- 5-8 years credit analysis experience within investment grade and/or high yield
- CFA and/or MBA preferred
- Ability to clearly communicate ideas with conviction
- Strong analytical and organizational skills
- Preference for a collaborative team-oriented environment
